Keepsake Stories Rapunzel

Rapunzel is not your typical princess. For one thing, she has returned to her kingdom after eighteen years spent trapped in a tower and she's still getting to know her parents. For another, she has to get used to royal customs, like the proper ways to sit and curtsy, when she'd really rather climb a tree and paint. Plus, she hates wearing shoes. Cassandra is not your typical lady-in-waiting. As the daughter of the captain of the guard, she has grown up fascinated by security and weaponry. It has been her life's goal to become a soldier in the guard, and princess-sitting doesn't really fit into her plan—especially when that princess's aggravating boyfriend is always hanging around. But when Rapunzel and Cassandra stumble upon a secret lagoon said to hold the key to the kingdom's greatest power, it will be up to them to solve the mystery... before someone more sinister does. Follow this tale of adventure and intrigue, love and destiny, and, most important, friendship.

Aquaman and the Rapunzel Plot

This volume presents an exploration of the role of embodied cognition in creating personal, imaginative renditions of hair, that also distally relate to the symbolic significance of the fairytale character Rapunzel's hair (in terms of physical life, romantic life, spiritual life, and psychic life, respectively). Integral to this relation, is the author's idea of "fancifold", which is a quality or state of the imagination that can produce unique neuropsychological elements of enchantment and disenchantment entwined. This book will be of interest to scholars and other researchers concerned with how cognition (including psychology and the brain, psychology and literature, psychology and art, philosophy of mind, and metaphor) might relate specifically to understanding the subjective experience of hair.
